James M. Spencer, MD, MS, a Dermatologist with Spencer Dermatology

Get to know Dermatologist Dr. James M. Spencer, who serves patients in St. Petersburg, Florida.

New York, New York City, Feb 17, 2021 (Issuewire.com) - An internationally recognized expert in skin cancer treatment and cosmetic dermatology, Dr. Spencer specializes in MOHS surgery and advanced therapies for skin resurfacing treatments using Erbium Yag and Fractional CO2 lasers. He is the Director of Spencer Dermatology in St. Petersburg, Florida.

A part of Advanced Dermatology & Cosmetic Surgery, Spencer Dermatology is dedicated to providing the highest quality of dermatologic care. Recognized as one of the leading dermatology clinics in the area, the staff has extensive experience in treating acne, rashes, psoriasis, eczema, and vitiligo, as well as offering total-body skin cancer exams. The clinic offers medical skin treatments, a full range of cosmetic treatments, as well as additional specialties like PDT (photodynamic therapy) and PDL (pulsed dye laser for stretch marks, birthmarks, including port wine stains and scars).

Active in the prevention, detection, and treatment of all types of skin cancer, Dr. Spencer also serves as the Director of MOHS and Dermatologic Surgery & Clinical Professor of Dermatology at the Icahn School of Medicine at Mount Sinai in New York City. Prior to his current endeavors, he was the Director of MOHS and Dermatologic Surgery at the University of Miami Miller School of Medicine.

Deeply committed to his work, the doctor is board-certified in dermatology by the American Board of Dermatology, which is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

A native of St. Louis, Missouri, Dr. Spencer earned his medical degree from the Columbia University Vagelos College of Physicians and Surgeons in New York City, New York in 1988. He then went on to complete a residency in dermatology at New York-Presbyterian NYP/Columbia University Medical Center in 1989, followed by a fellowship in MOHS micrographic surgery at the University of Tennessee with Rex Amonette, MD.

A Fellow of the American Society for Dermatologic Surgery and a Fellow of the American Academy of Dermatology, he is past President of the American Society for Cosmetic Dermatology and Aesthetic Surgery, past President of the Florida Society of Dermatology and Dermatologic Surgery, past Co-Chairman for the National Council for Skin Cancer Prevention, and past member of the Board of Directors of the American Academy of Dermatology.

A frequent speaker at medical symposiums both in the United States and abroad, Dr. Spencer is a sought-after educator for other physicians to learn cosmetic and laser surgery, as well as the author of over 60 scientific publications. He is past Co-Editor-in-Chief of the Journal of Drugs in Dermatology and Editor-in-Chief of the journal Cosmetic Dermatology, and on the editorial boards of Dermatologic Surgery, Aesthetic Buyers Guide, The Journal of Clinical and Aesthetic Dermatology, and Contemporary Dermatology.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening

tests, and undertaking non-invasive surgical procedures.
