Ashish Sahasra, DMD, an Endodontist with Premier Endodontics of Long Island

Get to know Endodontist Dr. Ashish Sahasra, who serves patients throughout the State of New York.

New York, New York City, Mar 19, 2021 (Issuewire.com) - Partner in Premier Endodontics, cum laude graduate from Harvard University, Dr. Ashish has been in private practice since 2005.

Premier Endodontics of Long Island encompasses leading dental facilities in the Greater New York area, including Garden City, Patchogue, and Hicksville. The experienced dental professionals share a commitment to provide comfort and top-rate services to all patients. They use state-of-the-art technology, including digital radiography, super-high magnification microscopes, and advanced dental implants to help ensure successful treatment. They also communicate with each patient at every step of the way, believing that a well-informed patient is a happier, more relaxed patient.

Dr. Ashish Sahasra began his education by receiving his undergraduate degree in Microbiology from Cornell University. He continued his dental training by graduating cum laude from Harvard School of Dental Medicine. With a passion for endodontics, Dr. Sahasra completed his residency in Endodontics from New York University.

His work over the years has earned him honors in clinical research and community health promotion. He has been on the Board of Directors for the Nassau County Dental Society and a past General Chairman of the Greater Long Island Dental Meeting (GLIDM).

Now, as a partner in Premier Endodontics of Long Island, Dr. Sahasra has dedicated his career to serving the community in which he has spent the majority of his life.

Endodontics is the dental specialty concerned with the study and treatment of the dental pulp. “Endo” is the Greek word for “inside” and “odont” is Greek for “tooth.” Endodontic treatment, or root canal treatment, treats the soft pulp tissue inside the tooth. Endodontists mainly do root canal treatments, perform various endodontic surgeries, and address traumatic dental injuries when they arise. Some also place dental implants.
