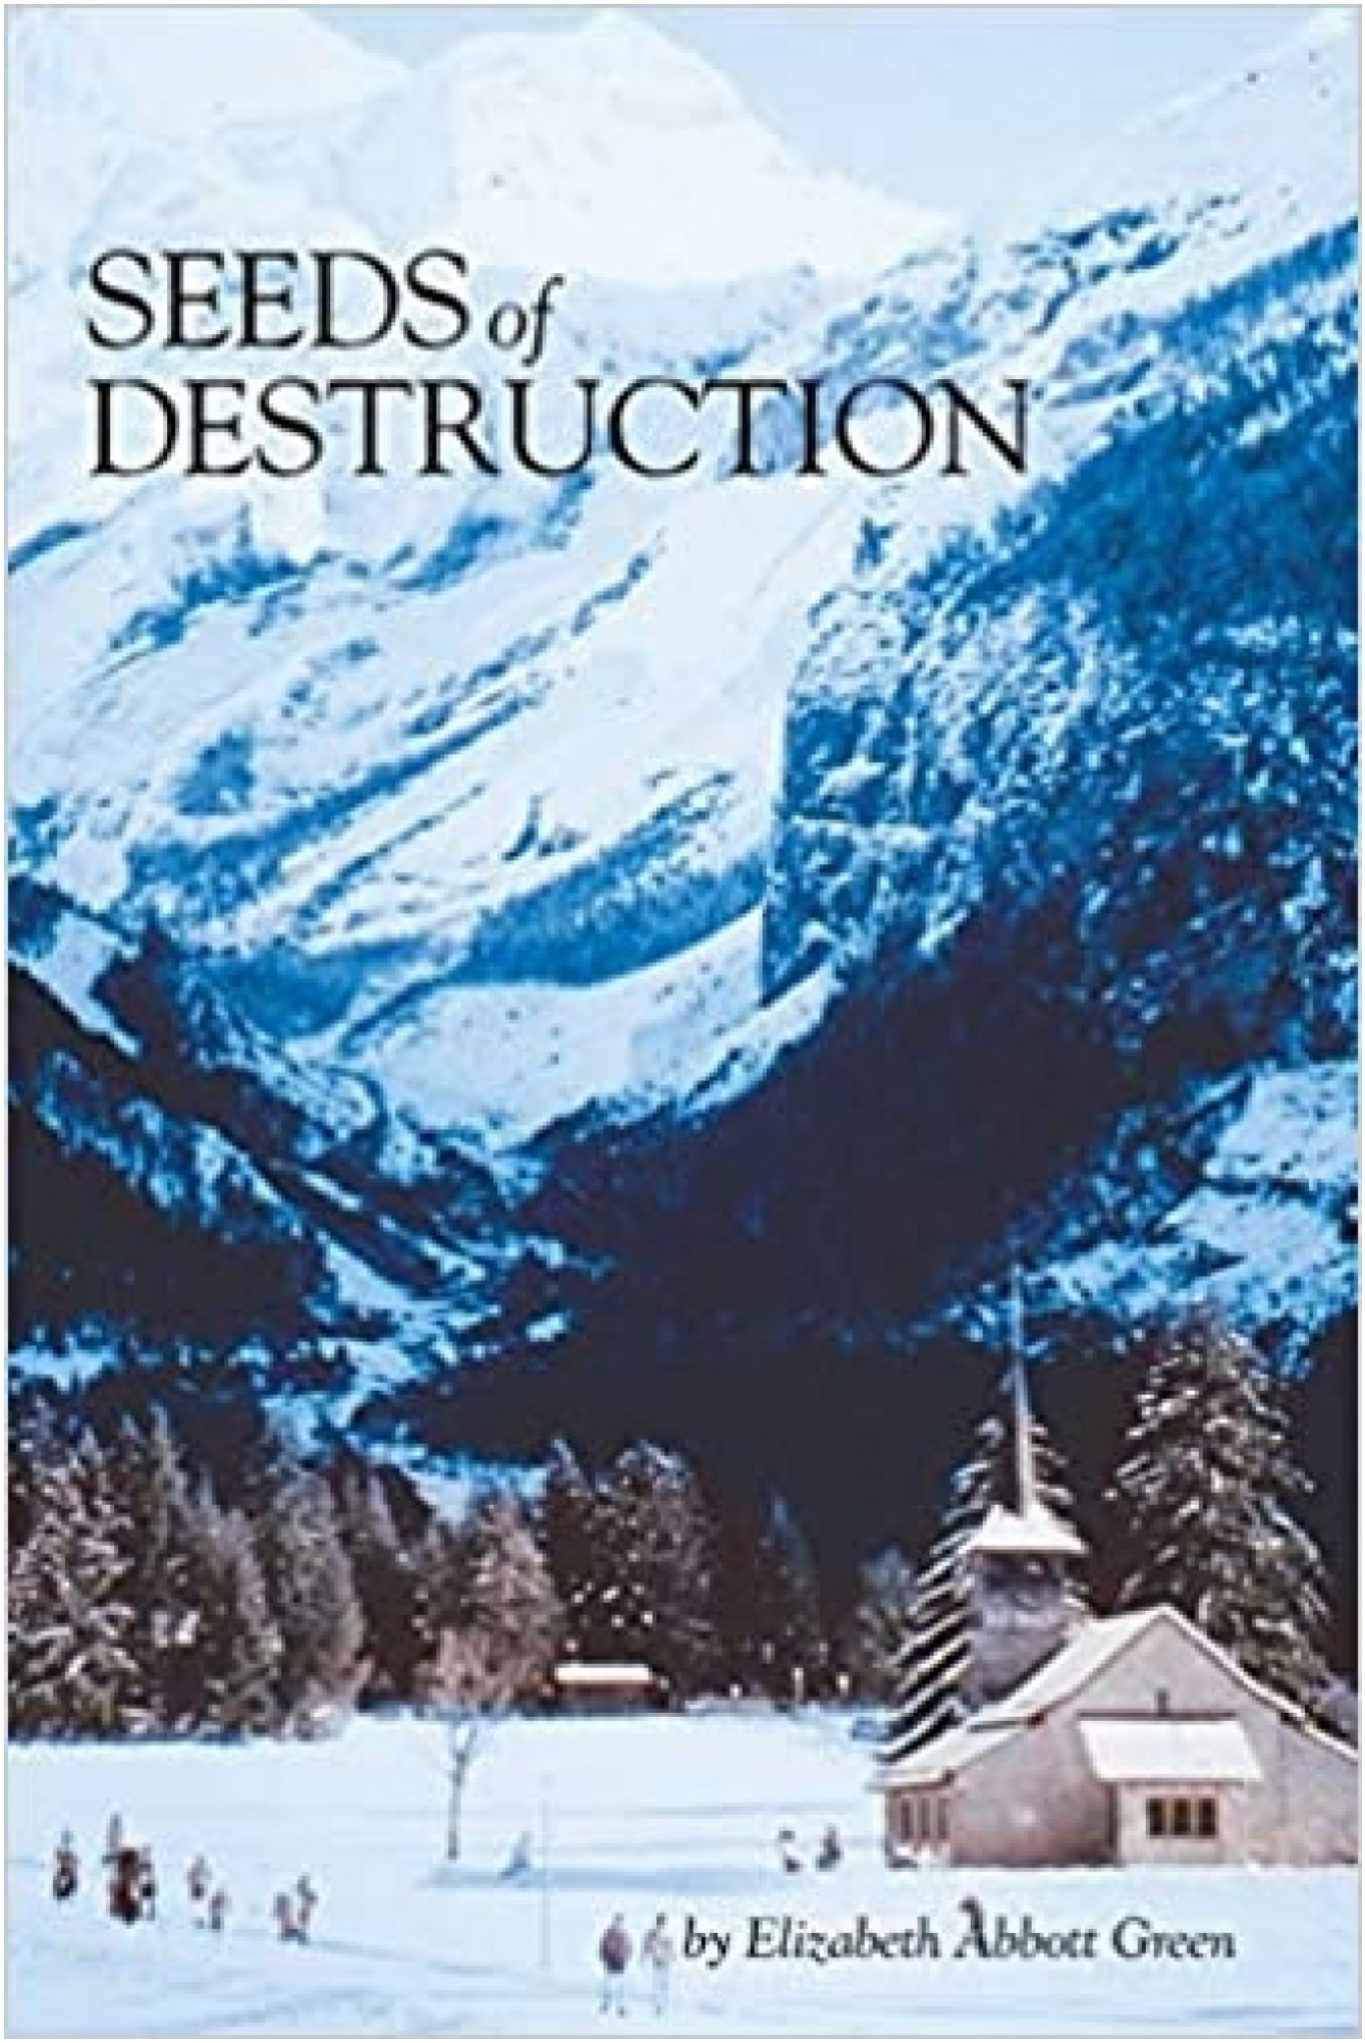
Elizabeth Abbott Green’s book ‘Seeds of Destruction’ will be at the Bologna Children’s Book Fair from March 21-24, 2022

The book captures the story of a young military family and their adventures around the world



SEEDS of DESTRUCTION
by Elizabeth Abbott Green

Bologna, Italy Mar 21, 2022 (Issuewire.com**)** - 'Seeds Of Destruction: The Life & Adventures of a Military Family in Our Travels of the World' from Elizabeth Abbott Green offers her readers a gripping story of a young military family trying to live the best life while constantly on the move. The story offers a first-hand experience of an army life filled with joy, heartache, and faith.

The narrative is compelling, specific, and vivid. Released in 2017, the book has garnered a positive response from its readers and now will be seen at the 59th edition of the Bologna Children's Book Fair, the world's biggest publishing event held in Italy.

"It is such an exciting feeling to be featured in an international Book Fair. The book is close to my heart and offers a glimpse into our lives. The catalyst for this book was a major incident that almost took the life of our second son." said Elizabeth.

The author feels the book will be an insightful read for young military families trying to cope with the constant overseas demands placed on them; people of all ages who love to travel and are willing and able to accept the challenge; and Christians everywhere who are interested in Bible prophecy.

The military life is demanding and affects almost every member of the family with its unique requirements; right from the pressures of war to extended absence of the military member, to unexpected family moves all over the world, to frequent changes of schools, it can take a toll. However, this novel throws a positive light and focuses on how the family adapted well to this change and tried to make the most of it.

Elizabeth added, "Seeds of Destruction is the work of a lifetime, not only of the entire family who lived it, but it is also a work of total commitment for over 30 years for me and the focused study of Christianity and the signs of our times. I feel this book should be read by all who feel that much of today's world is taking us in the opposite direction." The author has shared an exemplary analysis of the true path to God's will.

The book was published by WestBow Press in October 2017 and is available for purchase on Amazon, Barnes&Noble, WestbowPress, and ChristianBook.

END

NOTES TO THE EDITOR

About the Author

A former legal secretary of a large DC firm and a former secretary and computer programmer for the USDA Forest Service, Elizabeth Abbott Green has raised three children through the turbulence of the '60s and '70s. As part of 20 years of military life, she has moved residences over 40 times and has lived in four foreign countries, three in the Middle East and North Africa. She has been a devoted student of the Bible for over 30 years and sees the world running out of time.
