Mumbai, Aug 6, 2018 (Issuewire.com) - Bharat Book Bureau Provides the Trending Market Research Report on ‘The U.S. Autism Treatment Market, A serious developmental disorder that impairs the ability to communicate and interact. under the Life Sciences category. The report offers a collection of superior market research, market analysis, competitive intelligence and industry reports.

The incidence of Autism among American children has soared from 1 in 150 in 2000 to 1 in 45
today, and 2.1 million children and adults now live with autism. Yet, few therapies exist to treat this disease – just a few medications and ABA (applied behavioural analysis) programs. This is a fragmented $1.8 billion market comprised of for-profit and non-profit providers that serve autistic patients via brick & mortar centres and in-home therapy provided by therapists. Waiting lists are growing and only 36% of patients are estimated to have access to insurance coverage.
