

Timeshare Users Group celebrates \$10 Million Dollars saved for Timeshare owners

Timeshare owners have now saved more than \$10,000,000 dollars by finding TUG in time to rescind a new Timeshare purchase after learning about the resale market

Orange Park, Aug 29, 2018 (Issuewire.com) - Timeshare Users Group has now had more than \$10,000,000 in CONFIRMED money saved by individuals who had recently purchased a new Timeshare but found TUG in time to legally rescind their purchase after finding out the truth about the resale market on TUG!

This is \$10,000,000 directly back into the pockets of hundreds of Timeshare owners who originally fell for a slick talking sales pitch while on vacation at a resort, then later discovered the truth about their purchase and the instructions to legally rescind the purchase completely free!

Founded in 1993 by a group of Timeshare owners just like you, Timeshare Users Group was actually the very first Timeshare website on the internet and exists as a consumer advocacy organization providing an unbiased source of free information and advice on Timesharing to owners for more than 25 years!

With an industry leading marketplace for owners to buy, sell, rent and exchange Timeshares, ratings and reviews of thousands of Timeshare resorts, an online forum where tens of thousands of owners ask and answer questions 24 hours a day, and free advice articles on every possible Timeshare topic TUG exists as the best source of information for the 9 million timeshare owners in the world, and our

goal is to help every single one!

The number one quote we hear from owners after finding our site is "We wish we would have found TUG before buying our first Timeshare", and we still hear it every single day going on 25 years later!
