

Announcing the Chase Rubin Foundation

Announcing the Opening of the Chase Rubin Foundation, Founded by Philadelphia Based Entrepreneur Chase Rubin to Advance the Careers of America's Youth

Philadelphia, Sep 20, 2018 ([IssueWire.com](http://www.issuewire.com)) - [Chase Rubin](#), an established entrepreneur with longstanding roots in the Philadelphia area, has officially launched his namesake Chase Rubin Foundation. This foundation aims to provide financial support for students looking to make a name for themselves in the business world but struggling to pay for their education. To be eligible to enter, students must be in their final year of high school and have been accepted into an accredited college program or be a current college student with at least one year remaining to earn their degree. Eligible students can enter by visiting <http://www.chaserubinfoundation.com/> and completing a brief essay submission.

Chase hopes that through his Chase Rubin Foundation he can help make the dreams of an aspiring young person come true. He has seen first hand how difficult it can be to afford a college education but has also seen talented individuals turned away from financial institutions because they lacked a degree. The Chase Rubin Foundation is a direct response to this dilemma, and he aims to help underprivileged and underserved students bridge the gap between their abilities and what they can achieve. According to Chase "I don't want to see another bright young mind turned away because they lacked the means to attend a university. Everyone deserves the opportunity to demonstrate their worth and let their efforts speak for themselves."

About Chase Rubin:

[Chase Rubin](#) is an established entrepreneur who has been a storied member of the Philadelphia area financial service industry for over 20 years. From an early age, Chase was drawn to mathematics and eventually pursued an education in finance and economics. Throughout his education, Chase worked in various restaurants and this gave him a new appreciation for how difficult it can be for today's youth to afford an education. To help overcome this disparity Chase developed his Chase Rubin Foundation as a way to give back.
