Skip the Black Friday Shopping Lines and Hit the Ice!

Yesterland Farm Opens New Ice Skating Rink for Christmas!

Dallas, Texas Nov 22, 2026 (Issuewire.com**)** - *The Great Texas Christmas kicks off November 27 with a brand-new ice skating rink, two million holiday lights, the Jingle Bell Express, Christmas Carnival rides, and festive family fun.*

The Thanksgiving leftovers are packed away, relatives are still in town, and families are looking for something fun to do together.

This Black Friday, Yesterland Farm has a new idea: **trade the shopping lines for a trip to the ice skating rink!**

Beginning November 27, Yesterland Farm in Canton welcomes families to **The Great Texas Christmas**, its newly named holiday celebration featuring a **brand-new ice skating rink** as the season's headline attraction.

Along with skating, guests can enjoy two million sparkling Christmas lights, festive train rides, the Christmas Carnival, Santa Claus, and winter-inspired activities.

For families across Dallas–Fort Worth, Tyler, and East Texas, it's an opportunity to turn Thanksgiving weekend into a Christmas adventure that everyone can enjoy together.

This Black Friday, Make Ice Skating the Family Plan

Black Friday usually brings to mind early alarms, crowded parking lots, and long checkout lines.

But what if this year, the family headed somewhere a little more memorable?

At Yesterland Farm, the exciting new ice skating rink offers a different way to kick off the Christmas season.

Instead of another afternoon at the mall, families can spend time enjoying a festive skating experience together.

For children who have been looking forward to trying ice skating, teenagers ready for a fun outing, and parents hoping to do something special with visiting relatives, the rink gives everyone a new reason to get out and celebrate.

The new ice skating rink is the centerpiece of this year's Great Texas Christmas celebration, bringing an extra dose of winter excitement to the farm's familiar holiday atmosphere.

Whether families come specifically to skate or make it part of a larger Christmas outing, the rink is set to be one of the season's most anticipated attractions.

Guests should review the official website for current skating details, availability, and any additional admission requirements.

From the Ice Rink to Two Million Christmas Lights

Once families have enjoyed the excitement of skating, there's even more Christmas magic waiting around the farm.

Two million holiday lights create a festive backdrop for The Great Texas Christmas, transforming Yesterland Farm into an illuminated seasonal destination.

Guests can climb aboard the **Jingle Bell Express** for a train ride through the sparkling displays or enjoy the Christmas lights from a festive wagon ride.

For families looking for Christmas lights near Dallas or holiday activities in East Texas, the combination

of ice skating and illuminated attractions makes Yesterland Farm an appealing alternative to an ordinary evening out.

It's the kind of outing where families can enjoy a new experience together and still make time for their favorite Christmas traditions.

Keep the Holiday Fun Going at the Christmas Carnival

The excitement doesn't stop when visitors leave the rink.

Yesterland Farm's **Christmas Carnival** brings amusement-style fun into the holiday celebration, with rides and attractions that add energy and excitement to the season.

Families can also visit Santa Claus, take holiday photos, and enjoy winter-inspired activities.

For a little extra seasonal fun, **Santa's Snowball Toss** gives guests the opportunity to throw real snowballs, while tubing slides add another playful winter experience.

With skating, carnival attractions, lights, and Christmas traditions all part of the celebration, families can build an outing around the activities that interest them most.

Some attractions may require additional purchases, and guests should check current attraction information before their visit.

A New Thanksgiving Weekend Tradition for the Whole Family

The days after Thanksgiving are often some of the few times during the year when the entire family is together.

Grandparents are visiting, cousins are reunited, children are out of school, and everyone is looking for something to enjoy.

The Great Texas Christmas offers a chance to turn that time together into a shared holiday memory.

Maybe this year's family tradition starts with a visit to the new ice skating rink.

Maybe it's watching the children experience the Jingle Bell Express for the first time.

Or perhaps it's a family photo beneath the Christmas lights, followed by a visit with Santa.

Whatever families choose, Yesterland Farm hopes to offer something more memorable than another afternoon spent checking items off a shopping list.

The farm also plans to offer Christmas trees during the holiday season. Visitors interested in purchasing a tree should check availability and current details before arriving.

Make It a Christmas Road Trip to Canton

Located along Interstate 20 in Canton, Yesterland Farm welcomes visitors from Dallas–Fort Worth, Tyler, and surrounding East Texas communities.

For families hosting relatives over Thanksgiving or looking for a festive holiday outing, the new skating rink adds a compelling reason to make the trip.

And with two million lights, the Jingle Bell Express, Christmas Carnival rides, Santa visits, and seasonal activities, there's plenty more to enjoy after the skating fun.

The Great Texas Christmas runs November 27 through December 27, 2026, on select dates.

Guests are encouraged to check the official event calendar, skating availability, ticket options, and operating hours before visiting.
