

Evam Tech Labs announces its upgraded version of PulseHRM

Bengaluru, Sep 12, 2018 ([IssueWire.com](http://www.issuewire.com)) - Evam Tech Labs, a leading provider of employee database, leaves, payroll, time & attendance software in short a one stop solution to all your day to day administration needs, announces its newest version called PulseHRM Pro.

The latest release incorporates new upgraded features and functionality enabling PulseHRM users to further streamline their HR and Payroll related activities with ease.

The product development team has incorporated customer feedbacks and has prioritized the product roadmap based on the current market requirements

Overview of the updates on the go are listed below:

- Dynamic dashboards, report refinement, and easier drill-down capabilities
- Query builders and customized HR report capabilities.
- Updated modules with excellent UI

About Evam Tech Labs & PulseHRM:

Founded in 2015, Evam Tech Labs is a privately- held company headquartered in Hyderabad, Telangana.

Evam Tech Labs provides a full range of professional services to a wide variety of industries in the U.S. and India. Evam is in the HRMS development business for more than 3 years and is a provider of a feature-rich integrated HR & Payroll software application that enables organizations to minimize the time invested in administrative HRMS/payroll activities by streamlining and automating those processes and facilitating strategic decision-making capabilities. Functional elements include employee database, asset tracking, feedback, TDS, PF, ESI, bank statements, training, travel and expense bills, Form-16, Performance Management System, etc. It can be deployed on Cloud using Software-as-a-Service (SaaS) model, allowing customers true flexibility.
