

OptiSol LogiTrack Voted In Top 50 By FinancesOnline's B2B Directory

Top 50 Fleet Management Software

Ohio, Sep 12, 2018 (Issuewire.com) - LogiTrack is a fleet management platform provided by OptiSol and it was recently evaluated and reviewed by FinancesOnline – B2B software experts and we have been voted as rising star along with a recognition for great user experience. We are excited by honour and the faith reposed by expert voters and we are sure this will be a wonderful milestone in our journey to make life better for everyone linked with logistics and location-based services (LBS).

You can check out the review on FinancesOnline's behaviour-based [Customer Satisfaction Algorithm](#) which provides customer reviews and comments across a wide range of social media sites. The data is then presented in an easy to digest form showing how many people had positive and negative experience with LogiTrack.

About OptiSol's LogiTrack:

[Logitrack](#) is a fleet management software that offers fleet businesses, logistics companies, car rentals, and field services providers location-based services and capabilities including geofencing, geo-tracking, and route optimization. It is designed to seamlessly integrate with Google Maps and other popular map service providers through API integration to offer services like Geofencing, Geo-tracking and route optimization.

With LogiTrack, users are able to provide drivers and field-based employees the best and viable routes to clients, track vehicle location in real-time, monitor employee performance, map out fuel-efficient and time-saving routes for delivery runs, etc. The platform can be leveraged to help start-ups and expanding companies to manage and maintain their fleet and be in full control of their operations, and ultimately enhance their customers' experiences.

About FinancesOnline:

[FinancesOnline](#) is a popular platform for SaaS/B2B software and financial products reviews. They provide an extensive base of software reviews prepared by both experts and actual users so customers can easily find the best solution. In addition to SaaS software reviews, they also provide benefit through comprehensive comparisons and quality articles gathered via SaaS directory for giving more insight into

any software category.

Similar Stand:

On a similar note, we were featured among Clutch's '[Top 100 App Developers 2018 in India](#)' and we were ranked 52nd, for both our excellence as Software, Mobile and Web developers as well as a notable project that we completed.

[Clutch](#) – a B2B research, ratings and reviews firm in the heart of Washington, D.C., Clutch connects small and medium businesses with the best-fit agencies, software or consultants they need to tackle business challenges together and with confidence. Clutch's methodology compares business service providers and software in a specific market based on verified client reviews, services offered, work quality and market presence.
