 iPhone X 

New Delhi, Sep 24, 2018 (Issuewire.com) - The leading premium lifestyle store Global Gadgets opens booking for the latest iPhone XS & XS Max. The phone will go on sale on 28th September in India. It is a good idea to pre-book so that you get your hands on the phone as quickly as possible.

In a short interview with Mr Gurjeet Singh, the managing director of Global Premium Lifestyle said “iPhone XS & XS Max phones are much-anticipated phones launching in 2018. We have been authorized to pre-book these phones by Apple and if you are looking to buy these phones directly from the store at the launch, it is likely you will be disappointed. You should pre-book these phones to get these flagship phones as soon as possible.”

In another interview, a sales manager from the store said “The two phones share the same DNA, but they differ in screen size. iPhone XS Max has a bigger screen. The top specifications are as follows:

- A12 Bionic processor
- IP68 rated
- Updated 12Mp cameras
- Adjustable depth of field in photos
- 512GB storage option
- Dual-SIM

The two phones come in three storage 64 GB, 256GB & 512 GB. You can also choose from the Silver, Gold, and Space Grey colours.”

If you want an EMI option, these are also available on Citibank and Axis Bank Credit Cards. The **EMI starts at INR 4,499**. For further queries, you can visit Global Gadgets personally and ask the experts.
