

The Beat in Sade Serena's New Song 'Swerve' is Smooth and Captivating

Are you searching for some dance music? Then you must listen to Sade Serena's new song 'Swerve'. This song will force you to dance rather than sitting back.

Miami, Dec 31, 1969 (Issuewire.com) - **Sade Serena** from Florida is the new singing sensation in the world of pop music. She entered into the rhythmic realm at the age of 12. Her musical styling includes the fusion of Pop and R&B music. She is highly influenced by her father who is an aspiring artist and her mother never fails to let the world know that her daughter is a star. She also gathered inspiration from musical luminaries Whitney Houston, Michael Jackson, Gwen Stefani, Beyonce, and Lady Gaga. She emerges in the world of music with her first single 'Tonight'. Her new song '**Swerve**' has outstanding music and the energy level in the song is amazing.

Sade Serena is a dynamic entertainer with her relentless work ethic and boundless creativity which will undoubtedly propel her to the forefront of the music's fast lane. Her new song '[Swerve](#)' has a reflection of her inner emotions. The music behind this layers fairly delicate synth and the riffs along with the lightly vibrant beat. The instrumental hook gives the feels like something of an escape in intensity. The sound in the song is fairly unique. It is well produced and stacked high with humanity and depth. The track takes the things completely into an unexpected direction. The male voice in the song adds dynamic and further increases the mightiness of the structure and also helps to inherit the sense of possibility and togetherness that really shines.

The voice in **Sade Serena's** song '**Swerve**' drives the central ideas of the song. The beat has certain alternative dance feel in the song. The song takes much longer to appreciate the level of details and the sheer weight of the multi-layered ambiance. The song offers some good vibes and high energy which gives it a fresh look. If you love her music and want to listen to her new songs then follow her on Twitter, Facebook, Instagram, and [Soundcloud](#).
