Find Seeds Online for Flowers, Vegetables 7 Fruits etc. Order Seeds Online at Very Affordable Cost. Buy vegetable, flower & fruit seeds, field crop seeds, pesticides, plant nutrients, polyhouse seeds. One of the fears that have been raised in the aftermath of the government promulgating an ordinance to amend the Land Acquisition Act is that land will be taken away for other purposes and given that, the amount of land used for farming will come down dramatically. This is a very specious argument that is being made. Data from the World Bank shows that around 60.3 per cent of India's land area is agricultural land.
