

Golden Heart Perfume; FEATURING:

ANTONIETTA & David ENGBERG with Julian Rouas Paris Perfume & Beverly Hills Fashion Paris Group L.L.C.

Las Vegas, Oct 22, 2018 ([IssueWire.com](http://www.IssueWire.com)) - *Golden Heart Perfume* is a very special fragrance, the scent of butterscotch & just a hint of sunflower will pleasantly follow throughout the day. However, the effervescence you're met with won't **ONLY** come from the aromatics! The beauty of our heart shaped glass bottle, will surely make you smile.

Okay, you might be thinking... what makes *Golden Heart Perfume* **SO darn special??**

Well, aside from the perfectly crafted scent and high-quality glass by Luigi Bormioli. Twenty-four-carat gold shavings, is really what sets *Golden Heart Perfume* apart from any other fragrance on the market.
