

NBCC Heights – One Of The Best Housing Society Project To Invest In

Factors That Make NBCC Heights So On-demand

New Delhi, Oct 25, 2018 ([IssueWire.com](http://www.IssueWire.com)) - After savoring success in construction, development, and renovation of government projects, now the National Building Construction Corporation has come into residential property development. [NBCC Heights](#) is its independent property and the flats in the project are ready for sale and resale. At the present time when there is lots of pessimism prevailing in the market, NBCC Heights is one of the safe and secure housing projects. Numbers of flats available here for sale and in different categories like 2BHK, 3BHK, and 4BHK and it is selling out soon. So, if you are also planning to buy a flat in Gurgaon, visit the project once and you will not be disappointed.

Factors That Make NBCC Heights So On-demand

Full Of Features – There are numerous features present in the project and some of them are world class and has been developed by the builder considering the future requirement as well. The project has a water harvesting plant. The water harvesting plant can store and save the rainwater for years, which will be taken into use by residents only. The attractions of this project are

- Power backup facility
- Large swimming pool
- Versatile lounge
- Big size community centre
- Gymnasium for fitness lovers

- Play zone for children
- Indoor and outdoor play area.

Exposure To Green Belt – When you are living in NBCC Heights, you don't have to be worried about the pollution of Delhi. The place has ample amount of fresh air as it has the 18m wide green belt.

No Connectivity Issues – Unlike the newly developing housing societies, there is no connectivity issue in NBCC Heights. The project is very close to NH8 and Dwarka Expressway. It is located on the main Pataudi road.

Affordable Price – Though the real estate market is sluggish now, yet the property rates in Gurgaon are at peak. The properties are expensive here, but the flats in NBCC Heights are affordable. The flat range in the project starts from 55 Lakhs (2BHK). The topmost 4BHK flats are available in the price range of 1.25 Crore. The project has 2BHK, 3BHK and 4BHK flats in different price categories.

Summary – The author has published this release to inform home buyers about the NBCC Heights project as why it is one of the best in the present time. The author has explained different features of this housing society in the release.
