

Christmas 2018: Spread Love and Joy with an Original Letter from Santa Claus

Santa's workshop and post office in Arctic Lapland, Finland, is now officially open for the Christmas season

Lapland, Nov 23, 2018 ([Issuewire.com](http://www.Issuewire.com)) - Santa Claus is the ageless white-bearded man who delivers gifts on Christmas and always returns with his reindeer to Ear Fell, in Lapland. Santa Claus is assisted by a busy group of elves.

At one stage it was thought that Santa Claus lives in the North Pole. In 1925 it was discovered that there are no reindeer in the North Pole but there are lots of them in Lapland, in the northernmost part of Finland.

So today we know that Santa Claus lives in Lapland's Korvatunturi which in Finnish means "Ear Fell". This fell is situated on Finland's eastern frontier in Savukoski's municipality. There are ten times more reindeer than people in Savukoski.

Christmas is the much awaited day of the year and people desire to spend this very dear festival with their family and friends. If there is a better way to surprise children and friends, it is through the letters from Santa himself. There are several different Christmas Letters that customers can choose from.

The cost of the letter depends on the type of letter the customers choose. Santapost.org also supports UNICEF's work. For instance, the premium package is the Luxury Letter from Santa Claus which can be personalized with the child's or friend's name handwritten and hand signed by Santa Claus. The theme of the [Santa Claus Letter](#) changes every year. The letters directly come from Santa's workshop from Lapland with a Lapland envelope postmarked in Finland.

You can order Santa Letters in 14 languages: English, French, Italian, Polish, Spanish, German, Portuguese, Japanese, Finnish, Swedish, Danish, Russian and Chinese (traditional and simplified).
