

FINVASIA to offer BEST software for BSE, NSE & MCX

Finvasia is proud to announce the addition of another platform, BEST (BSE Electronic Smart Trader), to their diverse list of trading platforms.

Chandigarh, Nov 2, 2018 (Issuewire.com) - Finvasia is proud to announce the addition of another platform, BEST (BSE Electronic Smart Trader), to their diverse list of trading platforms. The company already offers over nine technology solutions to retail as well as institutional investors (including FPI) and BEST is the latest addition to their trading infrastructure.

Best is a robust, state-of-the-art hosted trading solution and available on Desktop, Browser and Mobile. All clients will be able to trade all segments of BSE, NSE & MCX at absolutely zero software cost and zero brokerage charges. Some key features are as follows:-

- Real-time Market data
- Create Customized Market watch to Track Streaming Market Data.
- Execute orders on multiple exchanges across all assets classes in one window
- Order and Trade Management
- Real-time Holdings and Limits view
- Charts – Intraday, Historic OHLC data
- Multiple scanners
- Various order types: CNC, Normal & MIS
- Mobile Application is supported on Android and iOS.

About FINVASIA

It is amongst India's fastest growing FinTech company, offering commission-free financial services ranging from zero brokerage, zero clearing, zero account opening, zero AMC to name a few. With offices in Mississauga (Canada), London (UK), Chandigarh (India), we are registered as Commercial Clearing and Trading Member of National Stock Exchange of India Limited (NSE) and Member of Bombay Stock Exchange (BSE), Multi Commodity Exchange of India (MCX), NCDEX and AMFI. Further act as Depository Participant with CDSL and building a blockchain based Non-Banking Financial Corporation (NBFC) digital lending platform after receiving approval from RBI. They received FDI funding from some of the industry's notable Venture Capitalists against a valuation of INR 1.5 Billion in its pre-launch phase.
