

Neebal Technologies Ranked the 43rd Fastest Growing Technology Company In India at Deloitte Fast 50

Neebal Technologies attributes its 118% revenue growth to the sincere efforts of their team to accept and understand people with their varied cultures and devising customized solutions based on the individual needs of the company.

Mumbai, Nov 21, 2018 ([Issuewire.com](http://www.Issuewire.com)) - Neebal Technologies today announced that it ranked 43rd in the Deloitte Technology Fast 50 India 2018 program, a ranking of the 50 fastest growing technology companies in India. Rankings are based on percentage revenue growth over three years. Neebal Technologies has achieved commendable growth of 118% during this period.

[Neebal Technologies](#) CEO, **Mr. Vijay Agarwal**, credits 'High Customer Focus Values & the Efficient Delivery Methodology' for the company's 118% revenue growth over the past three years. He said, "Combination of culture, rapport between the Neebal team and its clients and unflagging support offered to them in the face of technological problems are our winning points. Everyone in the organization is part of brain-storming sessions to come up with the final customer-centric solution devised keeping in mind the unique problem statements of the client".

"Making it to Deloitte Technology Fast 50 India ranking is a testament to the company's commitment to problem-solving and forward looking technology," said Mr. Rajiv Sundar, Program Director - Technology Fast 50 India 2018 and Partner, Deloitte India. "With its 118% growth rate over three years, Neebal Technologies has proven that its leadership has the vision, determination, and ability to adapt and grow in a fast-changing environment." He also added that "Neebal's phenomenal growth has put it in excellent company."

According to Mr. Rajiv Sundar, being one of the 50 fastest growing technology companies in India is an impressive accomplishment, especially so if it is the second consecutive win as is the case with Neebal

Technologies which had previously ranked 44th in 2017 Deloitte Technology Fast 50.

Deloitte Technology Fast 50 India, program was launched in 2005 and is conducted by Deloitte Touche Tohmatsu India LLP (DTTILLP). It is a renowned part of a truly integrated Asia Pacific program recognizing India's fastest growing and most dynamic technology businesses (public and private) and includes all areas of technology - from internet to biotechnology, from medical and scientific to computers/hardware. The program recognizes the fastest growing technology companies in India based on the percentage of their revenue growth, spanning duration of the past three financial years.

About Neebal Technologies

'Reaching Beyond' is the motto of Neebal Technologies and it strives hard persistently to deliver optimum quality services to its clients. Neebal was founded with the aim to help clients always choose the 'Right Solution' to overcome their technological hurdles by using a combination of readymade products and bespoke applications.

Neebal Technologies has also introduced a service called '[The Sounding Board](#)'; a unique service that offers customers and clients a platform to brainstorm challenges and ideas with the best of the class IT professionals under one roof. The outcomes of this exercise are unique and super effective solutions like Business Problem Definition Document, High-level Solution Architecture and the Product Road-map Document. The Sounding Board service helped in systemizing the New Product Development Launch process for a fortune 500 Agrochem Corporate house by enhancing the speed and effectiveness of its decision making and thus saving millions of dollars in the first year of operations itself. Another leading Indian Pharma company could ideate and execute [IoT in Healthcare Solutions](#) through a combination of Neebal's Sounding Board and Technology Services.
