

New Practice Director - Vibe Legal Pty Ltd, Perth, Western Australia

New Legal Services

Perth, Nov 8, 2018 (Issuewire.com) - *Vibe Legal Pty Ltd is pleased to announce the appointment of Leo Barry as their new Practice Director with overall management of the practice, starting on November 5th.*

"I am delighted to take up the role as Practice Director with Vibe Legal and look forward to meeting all our clients in the coming months," Leo commented.

Leo was educated in Ireland and holds a first class honors degree in legal and business studies and a post-graduate law degree. After graduating, he practiced as a general commercial lawyer before moving to Perth with his wife Lindsay in 2012, via a stop in Las Vegas to get married.

"I have since gained several years' experience practicing in family law in Perth and outside of the law, my wife and our 2 young children keep me busy."

Before joining Vibe Legal, Leo also took a short 6-month career detour, to take up a role as a banking and finance lawyer with a national top-tier firm, which provided invaluable experience that helped him re-discover his passion for commercial law.

"Over the last 10 years, I have developed a collaborative approach to law (where possible), and at Vibe Legal, our clients can expect practical, commercially focused advice and a professional service at all times," he concluded.

Supporting Mr. Barry's comments, Commercial Director Philip Lancaster said, "We are delighted to welcome Leo as our Practice Director. His experience, predominantly practiced in family law and commercial law, with a strong understanding of wills and estates and banking and finance, will provide a positive impact and influence on our company."

Vibe Legal are professional legal advisors in family law, wills and estate planning, and general commercial law. Based in the city of Perth, Western Australia, Vibe Legal is a team with real business and life experience, committed to value, simplicity and positive outcomes for all clients.
