

Passionpreneur Publishing Announces The Global Release of THE CHANGE MINDSET By Cyriel Kortleven

Cyriel Kortleven Publishes His 4th Book “The Change Mindset: Survival kit for Professionals in Change”

Available On | 

Antwerpen, Nov 7, 2018 (Issuewire.com) - Passionpreneur Publishing releases “The Change Mindset: a Survival kit for Professionals in Change” by Cyriel Kortleven in print format in the USA, UK, Europe, Australia, New Zealand, and the Middle East; and the e-book now has distribution from more than 70 online partners serving readers across the globe.

Trend watchers and futurists will flabbergast you with hip and hot examples of new technologies and trends in the world (but they easily skip the part on how to handle them).

Motivational speakers will boost the energy of your audience to be open for change (but they often forget to bring all that energy to practical application).

Change managers will focus on structures and processes to facilitate change in an organisation (but they might lose track of the professional in the organisation)

If you are in search of clues on HOW you yourself can keep up with the ever-changing world, then this bookazine is a must-read for you. This book is about The Change Mindset.

- HOW do you cope with the changes you see in the world around you?
- Which PRACTICAL tools will help you stay flexible and open to possibilities?
- How can YOU boost your creative and entrepreneurial mindset? And stimulate the mindset of the PEOPLE you work with?

Sure, change can be frightening. But change doesn't have to be hard. It all starts with the right mindset. Set your mind to change.
