

Streamline Medical Group Practice Opens New Medical Office in Naples, Florida Area.

The Streamline Medical Group and Gary Brecka Announce the Practice's Expansion to a New Office Location in Naples, Florida

Naples, Nov 21, 2018 (Issuewire.com) - Dr. Campoamor and CEO Gary E Brecka of Streamline Medical Group are pleased to announce the opening of Streamline's newest rejuvenation clinic, located in sunny Naples, Florida. The new office is part of the Pavilion Center on Vanderbilt Beach Road and 41 next to LA Fitness. The clinical team expresses their excitement over expanding to their new office in central Naples to serve the greater Naples area.

The brand-new renovation includes a state of the art IV rejuvenation room, blood lab, and patient treatment rooms consisting of hypoallergenic air systems, sterile patient rooms for blood work, and state of the art technologies available for patients seeking anti-aging treatments. The staff did add that although they serve on a nationwide basis for anti-aging and hormone replacement, that having a local office to meet patients is ideal and has been very well received by the community.

Dr. Jose Campoamor, (Board Certified Anesthesiologist and Board-Certified Pain Management MD), Gary Brecka (Human Biologist) and Cindy Kelly (Certified PA-C) say the residents of Naples and the surrounding area will have much better access to rejuvenation services in this new location than ever before.

CEO Gary Brecka states, "Our mission is to optimize the health of our patients through a deep clinical understanding of biomarkers." Streamline is a part of the answer to our broken healthcare system.

Streamline focuses on treating patients to prevent disease and optimize their health.

About Streamline Medical Group

Plain and simple we want our patients to live happier, healthier, fully optimized lives. Our hormone therapy services are custom designed for each individual patient. We want you to look and feel you are very best at home, in the gym and at work. At Streamline Medical Group we focus on fat loss, hormone optimization, and anti-aging by correcting issues at the root “below the surface” and correcting nutrient and hormonal deficiencies so that the body functions as designed. Treat yourself to the fountain of youth with the gifts of bright, clean energy, weight loss, improved sleep, increased libido, less brain fog and more.

Based on your goals, our clinical team will guide you through choosing your customized treatment. If you struggle with age-related issues like excess weight, hormone imbalance, low testosterone, lack of energy, or poor sleep, we can help you achieve health and wellness in every area of your life.
