

Upcoming EDM Artist 4Play is Causing Frenzy Through His Hypnotic Set of Electronic Music

New and competent artist 4Play has come up with exclusive set of enchanting EDM music. His tracks are already trending and streaming on popular music sites.

Boulder, Dec 31, 1969 ([IssueWire.com](http://www.IssueWire.com)) - Electronic Dance Music (EDM) is widely known as the trendiest genre in the ecosystem of the music landscape. This is the only music genre which has broken the record with its unimaginable popularity amongst music fans and dance enthusiasts alike. **4Play** a.k.a Travis Bicknell, who is an [upcoming EDM artist from Colorado](#), likes to express his emotions with others through music. Though he only focuses on the dance and EDM music genres, he has also mastered other music genres like Future Bass, house, tropical house, dubstep, trap and glitch hop. If you are looking for some unique dance and EDM music, then you have come to the right place.

He has come up with an exclusive collection of dance and EDM which push the boundaries of regular audio reception of music enthusiasts. There is something about the sounds which introduce the style and attitude of the artist towards his music. They can be completely unsettling when they surround the room, or they can be completely joyful and offer the perfect ambience within which you can lose yourself to. The soundscapes offered by these tracks, grow to be something of a memorable experience in just about any kind of setting.

The track 'Comfortable – Rachel Constanzo (4Play Remix)' is the opening track of his collection with

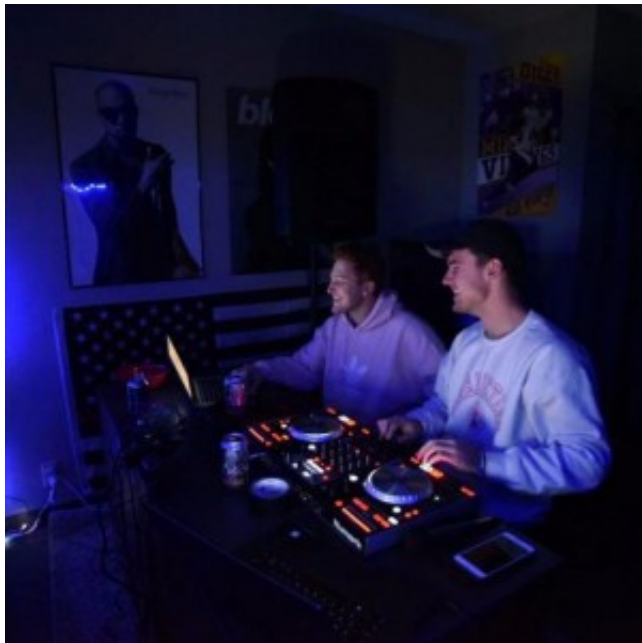

a hypnotic snippets of vocals with high levels of energy and overwhelming ambience. The opening moments of the second track '[LIT_RADIO_001](#)' explode into life and the pace and power never fully falls away. His other tracks like 'In The Light', 'Existence', 'Always – Dan Farber ft. |Boy matthews (4Play Remix)' and 'Sunrise' offer a some sort of narrative and genuine immersive musical escapism. The beats, hooks and reverbs sync up perfectly with the natural rhythm of your body and heart. To listen to more of this artist's songs, follow him on Instagram.
