**Fort Lauderdale, Nov 2, 2018** ([IssueWire.com](http://IssueWire.com)) - Visionisto, an [SEO Agency based out of Fort Lauderdale](#), Florida, unveiled a completely redesigned website at [Visionisto.com](http://Visionisto.com) in late October. The website redesign has been a highly-anticipated project for the Team at Visionisto and is expected to provide users with a clean, modern, and uncluttered design that incorporates improved functionality and enhanced content.

Website users will find that the new design and layout provides easy navigation, while utilizing today's responsive web design standards, allowing for the best possible user experience on all devices.

"We've been planning the launch of the new design for a few months, and we're proud to say that it's been really successful so far", said Frank Mas, Visionisto CTO.

"With the new website launch, we're taking the opportunity to strengthen and modernize how we represent our brand and the SEO industry."

The new website is set to promote Visionisto's three pillars to engaging small businesses and the SEO community:

**Knowledge:** Bringing together our research and data to ensure the public and small business community is well informed on the latest SEO techniques.

**Success:** Showcasing successful SEO campaigns is important to [Visionisto](#) and proves to be the main driver of referral business within the local SEO community.

**Transparency:** Visionisto has been, and always will be, a beacon for upfront and honest service.
