

Cricadium Announces Addition of Two New Categories: Today's Match Prediction and Live Cricket Score

Indore, Dec 12, 2018 (Issuewire.com) - Cricadium - a digital publisher of cricket news, updates, reviews, and fixtures, announced enhancement in its spectrum of content offerings by adding two new categories: [Today's Match Prediction](#) and [Live Cricket Score](#). The publisher believes that these significant upgrades will further strengthen the audience engagement and will make the platform more interesting.

The enhancement is driven by their team of experts who analyze the game in the best possible manner and calculate the near-perfect predictions. These experts are well equipped with knowledge, experience, and analytical skills to come up with these forecasts. The predictions are targeted for audience those who share the passion for Cricket and is meant to make the sport more entertaining.

Another category added is Catch Live Cricket Scores of all ongoing cricket matches with the ball by ball real-time updates and live commentary by seasoned professionals.

[Cricadium](#) is a group of people who eat and sleep cricket and aims to establish itself as the most reliable brand in the cricket match prediction space.

Their Media contact mentioned that - *"We understand our followers. Match prediction is what that can make cricket viewing more interesting. Our cricket experts analyze various factors related to a game. That's how we calculate the predictions. These factors involve Team status, Players' forms, Pitch conditions, etc. We are confident that the Category will be well received and help Cricadium maintain its place in people's hearts and minds as a true one-stop platform for all Cricket updates. Know which team has a better chance to win. Also, love the game as always."*

The Cricadium Team further emphasized - ***"Match predictions are for entertainment purpose only. These can be used to build your team for the competitive cricket apps as well."***

Additionally, there are multiple categories available on the website. It provides the latest [cricket news](#) from around the cricketing fraternity. The Reviews category provides the recap of all the action of the cricket matches. Read the best analysis of the game in the Analysis and Opinion sections.

The Specials category provides the best content for the game and the Trending category brings you the viral stories of the game from around the world. For all the stats freaks, the website has the Stats category.
