

Investors Of Crypto Announce First Fully Compliant Security Token Offering (STO)

The IOCX Security Token Offering is available to US accredited investors and qualified non-US investors only.

Austin, Dec 17, 2018 (Issuewire.com) - **Texas-based** Hybrid Cryptocurrency Hedge Fund [Investors of Crypto](#) has announced the Private Sale phase of its ground-breaking Security Token Offering.

IOCX will launch its ERC20 Token as part of its main sale in January 2019 in a Token Sale that is fully SEC compliant and has been developed in close consultation with the Texas Securities Board.

Investors of Crypto LLC Chief Executive Daniel Neves said: “The support and encouragement we’ve had from the Texas Securities Board, and in particular from its Head of Enforcement Mr. Joe Rotunda, has been incredible, and will help to ensure we market our Security Token in a fully compliant manner.”

In an unprecedented move, CFO MacKenzie Moody and CEO Neves are both formally sponsored by Rotunda and the TSB for their Series 7 GSRE tests. Once qualified, Investors of Crypto will be unique in the market as the first Crypto hybrid broker-dealer in the US.

Bullish in a Bear Market

The Investors of Crypto Hedge Fund has successfully bucked the downward trend in cryptocurrency markets to deliver a very respectable 11.3% growth across its fund (2018 Q3 audit) and it is believed

that much of the initial Security Token private placement sale will be snapped up by existing investors.

Investors of Crypto intends to be “The Investment Firm for The Masses.”

Not just an institution that caters to high net worth individuals, IOC will share investment knowledge and help to build wealth among people from all walks of life.

Neves is passionate about the firm’s market: “We want to serve the Janitor, the Builder and the School Teacher through The Investors of Crypto Learning Academy, which will be a free resource for anyone interested in learning how to invest and make their lives better by build wealth in as safe and compliant an environment as possible.”

This global, a free educational platform is backed by a 40-million-dollar revenue model.

The firm has created an integrated token economy and ecosystem to maximize demand and sustain the value of the IOCX token.

Investors will receive a 25% discount on performance fees and other services when they use the IOCX token to pay their fees. This token economics model will sustain the firm’s token and business for decades to come.

The IOCX Security Token Offering is available to US accredited investors and qualified non-US investors only.
