

Zen Inspired Co-Working Space Eccosphere Opens in Noida

Noida, Dec 28, 2018 (Issuewire.com) - Co-working space, Eccosphere has been launched in Noida to serve the needs of startups, entrepreneurs and freelancers. Located in Sector-67 Noida, Eccosphere is part of a commercial belt and is approachable from NH-24 and from the FNG corridor. It has been created as a genuine effort to help those looking for an ideal co-working space in the region. Today Eccosphere has 1,140 seats available.

The ambiance inside Eccosphere has been created using the Zen Buddhist philosophy. Such an ambiance is created by using plants, natural light, and manmade materials together and results in an environment that bestows calmness on the mind. Being surrounded by Zen Buddhist aesthetics allows people to work at their creative best and makes them as productive as they can possibly be.

The entire IT infrastructure inside Eccosphere is based on Cisco Meraki which is the most stable networking infrastructure in the world. Those who use Cisco Meraki are also assured of top-notch encrypted security. Eccosphere also has a 1 Gbps internet connection which leads to super-fast internet connectivity and improves the productivity of those who work inside.

Speaking at the launch Mr. Gautam Duggal said *“At its core, Eccosphere is a workplace that allows members to thrive because it creates an atmosphere in which members remain focused on what’s important to them. It uses Zen Buddhist aesthetics which incorporate plants, natural light, and manmade materials to let people work at the peak of their creativity and bestows them with positivity”.*

Eccosphere [Coworking Space in Noida](#) has infrastructure such as conference rooms and lounges that are required by startups and freelancers. New co-working spaces are also expected to be opened in

Okhla, Gurgaon, and Bangalore by Eccosphere.
