

## Discover the Exotic Spark of Caribbean Music Pieces by Spotify Famed Artist Footwrk

If your favourite genre is reggae then you can't miss the sassy tracks by rising star Footwrk in Spotify. His groovy compositions are spreading energy in the air.

**Orlando, Dec 31, 1969** ([Issuewire.com](http://www.Issuewire.com)) - The most energetic music style that gives you the vibe of a dance party must have to be Caribbean music as a whole. Be it the swaggering reggae, the lively calypso, the sassy salsa or the vibrant soca, these music genres are truly tempting and the must-have styles in your favourite list. The new artist in Spotify who is setting dance goal with his charismatic numbers is **Footwrk**, from Florida. This Orlando-based stud is redefining the Jamaican reggae with his signature music style that is making space in the music lovers' playlists. All the singles of his album 'Bad Dansa, Vol 1' is creating buzz in Spotify.

This charming artist's tracks in general sense are characterised by energetic melodies, lively singing style and most importantly driving rhythmic sections created by the exotic instruments. Bass and rhythm guitars, keyboards, steel drums, synthesizers, bongo and other eclectic instruments have been used to create the unique music scores. The album by **Footwrk** "Bad Dansa, Vol 1" is loaded with as many as seven feet tapping compositions, but the opening single '[Bad Dansa](#)' is truly the engine track that defines the versatility of the artist.

Another single '[Stamina](#)' is another playful single by **Footwrk** that will compel listeners to bring out the party animal inside them and dance with all the energy. The music score, the singing style and every element in this track boosts power and will give the dancers the endurance to keep grooving till the party ends. Stay tuned to Spotify to listen more from **Flxshmob Records** signed artist **Footwrk**.
