

Georgia Real Estate Agency adds to its listings focusing on Dawsonville following huge success

“The Welch Team has emerged as the most competent real estate agency in Dawsonville, with a huge number of successful real estate deals all over Georgia, fulfilling the needs of both, buyers and sellers.”

Atlanta, Jan 31, 2019 (Issuewire.com) - Following the success of 2018, the Welch Team is expanding its radius to add to its already long list of properties open to real estate. The best **Dawsonville real estate agent** is heading the current set of listings to ensure better sales compared to the third quarter. Last year the agency closed 138 deals and is all set to break its own record in 2019.

The listings include a variety of properties starting from humble but beautiful abodes to the most luxurious villas with swimming pools and gardens. The Welch Team deals in both, residential and commercial properties. The agency has been consistent in making successful land sales as well.

The agency is well-known for smoothly handling REO/foreclosure, distressed property, and of course, traditional real estate, without any unnecessary legal entanglement. The agency is best for people who want to ensure their money and time is valued. The members at The Welch Team ensures maximum profit for its clients. People looking for an immediate response, a quick sell or buy, go to The Welch Team.

If you want to sell a property in Georgia and make sure you get a fair price, or if you are looking forward to buying real estate, a house, an office, or some land, connect with the team of very friendly associates here, <https://www.georgiahomeshop.com/index> at The Welch Team and get a quote.

About

The Team consists of Owen Welch and Warren Welch, lead agents. We are supported by staff both in office as well as buyers agents and property inspectors. We are experts in handling residential,

commercial and land sales. We specialize in traditional, REO/foreclosure, and distressed properties and have many years of experience in that arena.
