Williamsport, Dec 31, 1969 (Issuewire.com) - Alternative rock music genre first originated during the 1980s and 1990s and is based on the conventions and essences of rock music while it tried to set itself apart from traditional or classic rock music. This music genre is also referred to as "indie rock, "college rock, and "post punk". This music genre got more saturated and enriched over the years by innovative and talented newbie artists like **Eric Val** who adds a whole new meaning to the whole thing. This artist strives to produce impeccable diverse music with edgy rock music. His latest playlist in his own name '**Eric Val**' brings for the music lovers a set of refreshingly unique alternative rock tracks.

This incredibly skilled [rock musician from Pennsylvania Eric Val](#) takes story-telling to new heights with his new and captivating playlist named '**Eric Val**' which features a lot of mind-blowing music tracks. This artist's sound feels soaked in the classic emotion and passion of rock music of alternative rock bands from a decade or two ago. The heavy riffs and synths along with distorted influences possess all kinds of hints of inspiration centred on the main subject matter. The vocal performance and delivery of the artist deliver a rejuvenating experience as well as sublime creative expression.

The tracks in the playlist like '**Wicked Game (Cover) by Eric Val**', '**Tragedy**', '**My Own Hell**' and '**Beautiful Lie**' show off a solid structure, set-up and production that are capable of holding your attention for a long time. A minimalistic guitar riff can be heard, a simple drum-line and vibrant soundscape which whisper poetic images and ideas in the minds of the audiences. The tracks end with a huge finish as the ambience veer off down a more disconnected and unpredictable path. No wonder this artist's music is already trending on SoundCloud.
