

## Getting raw material for bespoke eyeglasses made easy!

Now it's possible to order Buffalo Horn Plates for bespoke eyewear making through online order without any hassle.

**Sambhal, Jan 6, 2019 ([IssueWire.com](http://www.IssueWire.com))** - We are delighted to announce, now **The Moon Exports** started offering *Buffalo Horn Plates* online direct from the official website as an eCommerce.

It's good news for eyeglass frame manufacturers till now the only way to get optical plates was to get in touch with the exporter and making the wire transfer to him which lacks security as well as time-consuming. With this postal, it's easier than ever to get raw material for your eye-wear production which may be based anywhere in the world.

Now the companies or individuals looking for the [Buffalo Horn Plates](#) can visit The official website for their bespoke eye-wear they are willing to make from Genuine Buffalo Horn.

Now It's possible to buy from anywhere in the world to place order online and goods will be delivered at door-step, available from 07/01/2019.

In order to place the order online follow these steps:

- Visit [www.themoonexports.com](http://www.themoonexports.com)
- Click on Horn Crafts
- Click on Buffalo Horn Plates
- Scroll Down to the bottom of the page
- Select the one color and thickness
- Click 'Add to Cart', then the selected color will be added to your cart.
- Select another color and again Add to Cart (if applicable)
- Click View Cart and adjust your required quantity.
- Then simply checkout with your card or whatever payment method you prefer.

Simple as it is.

With this initiative, manufacturers of bespoke eye-wear around the world can take benefit.
