

Nick Nittoli Set to Release His Debut Single Titled “Gimme Da Money”

NICK NITTOLI

Nick Nittoli is a self taught producer, writer, musician and artist. From an early age his first words were from the Michael Jackson song (NAME SONG HERE). Nick's draws on the late singer as inspiration, but he allows for originality by putting his own twist to his melodies, and producing and writing in every genre.

You might know Nick from Bravo's reality competition, *Platinum Hit* (hosted by Jewel with reoccurring judge, Kara DioGuardi). In each episode he was challenged to write & perform lyrics from a variety of genres - hard country to pop ballads. Nick placed 4th (out of 12) in the Competition.

Nick has produced & written for artists like Zendaya, Jessie J, French Montana, YG, Neon Hitch, Fabian Mazur and more...!

“Gimme Da Money” is a song that will keep you at the edge of your seat and one you definitely don’t want to miss. The vocals are minimal and nice. It also has baselines that punch. With rich instrumentation and a great melody, “Gimme Da Money” is an exemplary track that hits the spot at home on the headphones or home at the controls.

“Gimme Da Money” promises to be a classic record. Nick’s main aim is for people to enjoy the music, feel the music and most of all dance to the music. He loves being different and creating fun, and that is why “Gimme Da Money” will keep you jumping and dancing in the club or any place this song comes up.

Music lovers will literally get chills every time they listen to “Gimme Da Money”. The delivery, the beat and everything about it make it a must-listen.

Nittoli recently inked a contract with Alan Melina and New Heights which will keep him under new management until 2022. His recent songs for other artists like Snoop Dogg, French Montana, and YG are just the beginning for this new artist.

Nick Nittoli and Warner Chappell Music Publishing are set out to create a stunning selection of amazing songs with powerful beats, raising the label's reputation as one of the most explorative and experimental imprints in the Hip hop game.
