

Oxy Health Announces Ties Up With GPS

New Delhi, Jan 23, 2019 (Issuewire.com) - Oxy announced its partnership with Global Panorama Showcase [GPS]. Oxy which is now valued over 3.6 Billion USD and is India's Largest Healthcare network with over 2 lac Hospitals, Diagnostics and Pathology Lab and provides 360-degree health solution for the nation. GPS is a travel aggregator with over 35,000 travel agents under its network. With the support of Oxy, GPS can penetrate deeper into Indian and international market, as Oxy is present in 1500 cities, for its tourists which will provide with excellent medical facility including *health on the go*.

For the First time in India, Health on the go is being used in this tie-up. Backing GPS now, all the tickets issued through the network will have full health support powered by Oxy healthcare. From Ambulance to Discounts for all tests, treatments, and surgeries to medicines to every healthcare need, Oxy will take care of all the travelers during and after the journey.

Through OXXY, GPS is now empowered to ferry patients from across the globe in all the Indian cities. This will lead to a boom in medical tourism as patients traveling to India, who were clueless earlier about the rates and other treatments, will get this facility and comfort.

This could be winning for the patients, hospitals and travel agents. Needless to add that India as a country will get foreign exchange.

Pankaj Gupta Founder OXXY said “ Affordable Healthcare is a right which should be enjoyed by everyone and Oxy is doing everything it can to penetrate deeper in the country”

Commenting on this BIG partnership Harmandeep, Founder GPS added “Our research indicated that customers are looking for healthcare securities while traveling and there could not be a better option than OXXY which has an extensive network and is spread across the Country. This partnership will deliver the most meaningful and distinctive value proposition to all our customers making it the most rewarding way to travel”

[Oxy](#) also carried out a Health Checkup for all the Visitors at the Launch event. Hospitals which are under Oxy Network, such as Seven Star Hospital, the Only Robotic Hospital in the entire central India, Alexis Hospital, Platina Heart Hospital, Surecare Hospital, Advanced Dental Hospital, Vision Express,

Netrameyecare Centre, Richfeel Trichology, Dr Bagadia Hair Clinic and NaadChikitsa were present to witness and carry out full body health screening for all.
