

Renowned Fashion Model Adrienne White Stars in New Drama Thriller ‘Prodigy’

Los Angeles, Jan 15, 2019 (Issuewire.com) - Having conquered many facets of the fashion and entertainment industry, model and advocate Adrienne White is now shining brightly as Emily in the new movie ‘Prodigy’.

Pursuing her talents with passion while using her spotlight to create a voice for righteous causes, Adrienne White is a bona fide name in the fashion industry. Having modeled for the likes of Victoria’s

Secret, Free People, and True Religion, she boasts a commendable repertoire of career achievements. However, she is now branching out even further and making a buzz as an actress.

She now stars in the new drama thriller feature film 'Prodigy'. She plays the role of Emily, mother to the Prodigy, who dies in childbirth. Written and directed by Nathan Leon, the movie is being heralded as a cinematic success and Adrienne's performance has also drawn favorable feedback. The movie revolves around the story of Emily's young son who has predicted the end of the world. A family drama at heart, Prodigy also combines Sci-Fi and thriller elements.

A spokesperson for Adrienne White made an official press statement regarding her recent undertakings "Adrienne White is a woman of diverse talents and she always aims to amuse. Having won the hearts of many with her modeling career, she is now also showcasing her acting prowess. The new feature film Prodigy is a breakthrough film and a very important cinematic endeavor."

The spokesperson further added "Adrienne plays the role of Emily with much emotion and conviction. As she dies in childbirth, she is seen throughout the movie in hauntingly beautiful flashbacks that beckon the audience to look for more."
