

Suresh Shrimali Gets Global Recognition as an authority on Astrology

Jodhpur, Jan 10, 2019 ([Issuewire.com](http://www.Issuewire.com)) - It's not often than an astrologer manages to cross borders and become a revered teacher across the globe – but, as with all things related in astrology, this specific Guru's international fame was written in the stars. Suresh Shrimali, has been touring the world, having visited in excess of 52 countries, including the USA, Australia, UK, Japan and many countries in the African continent, along with extensive tours in his native India, spreading his wisdom and helping

thousands of people fulfil their destiny, as it is foretold by their individual astrological charts.

“Guruji was born with a gift, and he is committed to helping people solve their various problems and fulfil their life potential through astrology,” says Guru Ji Suresh Shrimali's, media representative. “His mission is to spread the word about astrology, and restore its rightful position in the people’s collective consciousness as both a science and an art”. It is no wonder that he is highly sought after by those interested in exploring their spirituality and finding their life path through the study of their birth charts. Guruji will continue his tireless efforts to inspire and help those who seek his guidance to reach their full potential and make the most out of their innate gifts and talents.”

Guruji comes from a family who has been associated with astrology for the last three generations. His rare talents shone through from his early years, and, having his reverend father and Guru, Pt. Radha Krishan Ji Shrimali as inspiration, he decided to take the difficult path to enlighten the masses who were in need of the light of astrological spiritualism. A celebrated author, TV personality, speaker and spiritual leader, Guruji makes time in his busy schedule to conduct [one-on-one sessions](#) with those who wish to benefit the most from his personalized services.

Guruji is active on social media, and those interested in keeping up with his latest news are advised to subscribe to his [YouTube channel](#); like his [Facebook](#) page, and follow him on [Twitter](#).
