

TL Home Improvement LLC Becomes a NARI - Remodeling Contractors Association Member

Shelton, Jan 25, 2019 (Issuewire.com) - TL Home Improvement LLC, leading home improvement and remodeling contractor serving Fairfield County, Connecticut, and surrounding areas has been distinguished by being welcomed into the ranks of the NARI - Remodeling Contractors Association. NARI's rigorous screening process admits only contractors of the highest calibre, those that uphold strict ethical, quality, operational, knowledge and reputational standards. TL Home Improvement's admission represents a watershed moment in the history of the company, and a recognition of their 15 years providing quality home improvement services.

After opening its doors in 2004, the company quickly earned a strong reputation among its devoted customers. "We're extremely proud to be asked to join the NARI organization," said Tomasz, the owner of TL Home Improvements. "We've always run our business to the standards expected of a NARI member and it feels really good to be recognized for that."

With this membership, TL Home Improvements agrees to be held to NARI's strict Code of Ethics and Standards of Practice, which is designed to promote and enhance the professionalism of the home improvement and remodeling industry, a boon for consumers and the companies that serve them.

NARI members represent the full range of home improvement professionals, from remodeling contractors to distributors, wholesalers, product manufacturers, trade publications, utilities, and lending institutions. All must be in business for at least a year and carry all necessary licensing and insurance.

"We've worked really hard over the years to get here," said Tomasz. "We've always tried to do the best work possible for our customers, at a fair price. Customers shouldn't have to worry about whether

they're being taken advantage of. Our existing reputation and now our membership in NARI will help put future customers at ease. They'll know they're getting top quality work from a company they can trust."
