

Victor imports are one of the leading importers of Rubber Hand Gloves in India.

Mumbai, Jan 31, 2019 (Issuewire.com) - Known for manufacturing, trading and supplying a broad array of the premium quality of Hand Gloves,

Dahanu Rubber Gloves Mfg Co. started its operation in the year **1985**. The offered range of products includes Rubber Hand Gloves and JYOT Shock Proof Hand Gloves. The offered hand gloves are well known across the market for their smooth texture, exceptional finish and resistance to moisture. In addition to this, the offered hand gloves are used in various industries for safety purpose and are acknowledged for their resistance to extreme temperature, oils and chemicals. Offered by us at pocket-friendly prices, these products are highly appreciated and demanded among our customers. To suit the varied demands of our clients, we are offering these products in a number of specifications. Our clients can avail these products from us at nominal market price.

Banking to our large production ability, we have been able to cater the bulk demands of the offered products in the most effective and efficient manner. Before the final dispatch of these products, the hand gloves are packed with tamper-proof packaging to avoid any damage during transportation. In addition to this, the hand gloves are made by taking quality approved production material in strict adherence to the industry approved parameters. For this purpose, we have recruited a team of well qualified and

experienced team members.

Under the competent leadership of our mentors, “**Shri Kalyanji Virji Shah**”, we have been able to satisfy the accuracy requirement of customers in the most efficient practice. Also, we are backed by a sound infrastructure facility to manufacture the offered range of products. For the smooth execution of our business related operations, we have parted our facility into various functional departments.

In the year 2010, VICTOR IMPORTS firm was established.

Our Product range is widely used in following industries:

- Chemical
- Cement
- Pharmaceutical
- Construction
- Fertilizers
- Medical
- Laboratories
- Food
