

A step towards SWATCH BHARAT ABHIYAN

Mumbai, Feb 23, 2019 (Issuewire.com) - Entrepreneurship opportunities for a cause can bring the industry's best together!

Shubham Equipments Pvt. Ltd. is the Waste Water treatment division of Shubham Acqualink (India) Pvt. Ltd., who were the pioneers of the TANCLEANTM concept in India and are the leaders in the manufacture of Corrugated Profile Zincalume Steel Tanks in India for the last ten years. Shubham Acqualink manufactures latest technology Water Storage Tanks under technical collaboration with Kingspan Water & Energy, part of the 3.7 Billion Euro Kingspan Group from Ireland.

Rothwell Water was co-founded in December 2012 by Peter L. Timpany, CSBR inventor, and Mr Keonho Lee, with the goal of conducting a global water business based on CSBR process engineering experience, applied to more than 30 wastewater/sewage treatment plants worldwide.

Shubham Equipments & Rothwell Water came together to launch the first ever Packaged CSBR Technology in India. The agreement was signed on 30th January 2019 in Consulate of the General Republic of Korea in Mumbai in the presence of Consul General Republic of Korea Mr Dong-young Kim.

The signing was followed by an event, hosted by ET Rising India, which concluded with an informal interactive session with Mr. Dong-Young Kim, Consul General of the Republic of Korea, and Mr. Sunil

Uplap, Director of Shubham Equipments India Pvt. Ltd., on 31st January 2019, at the Cricket Club of India in Mumbai.

The Shubham Rothwell joint venture brings together the expertise of two extraordinary technologies to offer a completely new design of Packaged Sewage Treatment plant which is highly efficient, economical both by way of capital investment & operational costs and very reliable.

Shubham Equipments is happy and proud to take this great opportunity to present the never-before technology to the markets in the Indian sub-continent and other rapidly growing parts of the world.
