After several months of hard work and dedication, we are delighted to officially announce the launch of the English interface.

The new website is available at the following URL is <https://absolutepeoplescreen.co>

The Arabic interface of our website will be up and running by the end of February 2019 and will cater to our clients spread across the GCC.

Our goal with our new website is to provide our visitors an easier way to learn about Absolute's services and solutions and also to allow the visitor to browse information based on their need. See: <https://www.absolutepeoplescreen.co/services>

The new website has been designed in the same colour schema as our logo. All the content, infographics and designing has been created by our colleagues. This makes our website all the more special as everything has been done by Absolute and our people.

Our current and prospective clients will find useful information about our services under the Services tab of our website. Each service has been explained in detail along with an infographic workflow process and samples.

Under some services, you can also hear audio calls of our interactions while conducting screening.

You can also download our Employment Screening Services Explanation & Workflow document from our Services page. This document is very important if you are willing to consider & use some of the other screening services we offer as an organization.

Amongst the new features, the site contains integrated social media buttons for popular platforms like Twitter, LinkedIn and others to foster improved communication with the clients. We will be constantly updating our content with helpful information, articles, blogs, newsletters, company announcements and client successes.

We have also built in a very innovative Careers page for candidates looking for an opportunity to work with us. See: <https://www.absolutepeoplescreen.co/career>
