

Aromaaz International Delivers ISO-Certified Products to Local and Global Clients

Aromaazinternational.com is manufactured and supplies first-rate quality ISO 9001-certified essential oils at a competitive price domestically and to the overseas clients.

Ghaziabad, Feb 20, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Aromaaz International is a reputed supplier of certified essential oils. It offers a wide range of oil products like spice oils, floral absolute natural flower oils, fragrance oils, hydrosols, oleoresins, traditional Indian attars etc. Aromaaz International has earned rave reviews for being an eminent pure essential oil supplier all over India and overseas to the USA, Canada,

and the United Kingdom.

One of the widely recognized ISO 9001-certified companies is Aromaaz International. It offers superior-quality [organic certified essential oil](#) that is compliant with the international standard. The company's products are reviewed regularly at 6 months interval by the external auditors. They carry out a host of high-quality tests such as 'gas chromatography' test, 'MSDS analysis' test, 'analysis certification' test for finding out how pure the products are.

When enquired about the packing material quality of the company, the spokesperson said, " We obtain all the raw materials from the certified and credible vendors directly. We have formed an association with the cultivators. We make use of state-of-the-art techniques for maintaining cleanliness in the warehouse instead of making use of dangerous pesticides. Being an ISO-certified company, the herbal products we produce are compliant with the 'GMP standards'. We use the equipment and machinery made from high-grade stainless steel. We have airtight equipment that prevents the seepage of harmful and heavy metals in oil extracts. We strive hard to maintain the quality of the products right from manufacturing the herbal products to processing, packaging and transporting them domestically or overseas.

Among the different products the company manufactures like the [wholesale essential oils](#), certified organic oils, floral absolute oils, therapeutic massage blends, spice oils, oleoresins, the natural flower oils natural cosmetic butter and traditional Indian attars, are obtained from natural flowers. The liquid from the flowers is obtained by the process of steam distillation. lotus flower oil, Cassie flower oil, lilac flower oil, wallflower oil, tulip flower oil and 'orange blossom' flower oil are few of the best-selling 'natural flowers' oils supplied by the Aromaaz International Company.

'Natural flower' oils provide scores of healthy benefits such as helping in combating against diseases such as anxiety, emotional stress, blood pressure etc. They have an adept professional team who have proficiency in procuring pure and enriched pure 'flower extract' oils in their advanced labs by making use of cutting-edge equipment.
