**Boston, Feb 28, 2019 ([IssueWire.com](http://IssueWire.com))** - Curated Cultura LLC announces MEATBALL MADNESS in collaboration with Bow Market and Remnant Brewing

Foodies, consumers, families, and meatball lovers of all ages are encouraged to attend Meatball Madness. The event will be held at Bow Market in Somerville, MA April 7, 2019, from 12 pm – 5 pm.

The food festival will bring vendors of Bow Market to create their own take on meatballs. Participating vendors include Hooked, Saus, Buenas, Hot Box, JAJU, Maca, InSeason Food Shop, The Comedy Studio, and finally Remnant Brewing (the official beer provider of the festival). The celebration will happen the day before the NCAA National Championship game bringing March Madness to a close. With March being kidney month, proceeds generated from the event will benefit the National Kidney Foundation.

“Having an event that directly brings new people to Bow Market, Somerville that isn’t aware of what there is to offer here certainly helps all of the vendors. Using this event to raise money for the National Kidney Foundation is a major plus as well. It will certainly be a great day for meatballs, beer and family on a Sunday,” said Brittany Lajoie, General Manager of Remnant Brewing.

Registration includes meatballs and beer from Remnant Brewing. The event will be held Sunday, April 7 from 12 pm – 5 pm. Tickets must be purchased in advance. Attendees can use coupon code MEATBALLS for a savings of 25% off each ticket.

About Curated Cultura - Curating Events for culture is our mission.

Curated Cultura events range from research forums, seminars through to conferences and large exhibitions. Our attendees are presented with the full, diverse range of topics within each industry sector. Our goal is to always deliver strategies with presentations from major global entities and thought leaders. We also produce excellent structured networking platforms for our attendees to actively make everlasting relationships. We’ve worked with some of the world’s leading brands such as Sony, Panasonic, Microsoft, US Steel, Valspar, Akzo Nobel, Interface, SHARP, Samsung, Henkel, Dow, DuPont, BASF, 3M, Tesla and many others. We’ve worked on consumer electronics, technology, construction, architectural, food and design events throughout our history on five different continents. We’ve created events from the ground up and founded online journal sites.
