

Diaman has awarded the Best Finance Manager of the year in Venice, Italy

London, Feb 20, 2019 (IssueWire.com) - Diaman has awarded the best financial managers of the year in Venice as part of the seven editions of the Diaman Awards on 21 February 2019.

Marcon, 21 February 2019 - On 21 February Diaman awarded the best Asset Managers and Fund of Funds Managers to Venice for the seventh edition of the Diaman Awards.

There are over 90 candidates who participated in the gala, in the prestigious setting of the Baglioni Hotel, of which 32 were awarded the prestigious Diaman Award as the best Asset and Fund of Funds Manager of the year.

The categories under analysis were 4, both for asset management and for funds of funds: Equity, Fixed Income, Flexible, Balanced.

For the awarding of Funds of Fund Managers, the ranking was obtained using the Diaman Ratio, the indicator that measures the persistence of the trend referred to 2018.

The presence of the managers awarded for Funds of Funds coming from abroad is significant, representing 65% of the managers awarded for their category.

In the case of asset management awards, the criteria were more simple, taking under consideration the performance of management that invests in single shares or single bonds, with at least 12 months of

history.

Obtaining excellent results regarding market conditions adverse during the period.

Company profile Diaman

DIAMAN is a group of passionate people who believe in independent financial advice and innovation; thanks to its research laboratory, it aims to find quantitative methodologies that reduce the emotions in the investment choices and the consequent errors to improve the results and increase the clients' satisfaction.

DIAMAN is a leading company in transforming customers needs into financial instruments, implementing active investment strategies. Our courage to be active derives from the ability to manage risk, from the financial culture we develop and from the statistical indicators we create.

Choosing DIAMAN means relying on a partner you can count on to improve your investment processes, which allows you to increase your financial knowledge through training and transfer of know-how, as well as obtaining better results.
