

Eterra to open first electric vehicles store in Ashbourne, Co. Meath, Ireland in July 2019

ETERRA.EU

Ashbourne, Feb 28, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Eterra (eterra.eu) today announces that it will open its first store in Ashbourne, Co. Meath, Ireland at the end of July this year. Ashbourne has a population of ca. 15000. Its location is very close to Dublin (ca. 30 km) and also has attractive tourists destination (Tayto park).

The approximately 120 sq.m. Eterra store will offer electric bicycles, electric scooters, electric kids ride one for sale & rent.

More information about products and services that will be offered by Eterra at the Ashbourne location and the opening event can be found at <https://eterra.eu> .

Eterra offers high-quality electric vehicles at affordable prices. Majority of electric bicycles will be priced below 1000 euro. Most of the electric bicycles will have a range of more than 70 km. Long term and short term rent will be available.

Alex B., one of the company co-founder, commented that “Ashbourne is attractive location as market entrance point for our business. At the moment we are registering local company, brand and other legal things. Our physical store should be open by end of July. At the moment I can't disclose all details, but we have what to offer to local community and local businesses.”
