

## Experience a New Sound with 'Searching I'm Lost' by Multimedia Music Producer Stereo Nu-55

Versatile multimedia music producer Stereo Nu-55 is back with a new project 'Searching I'm Lost'. This amazing new wave track will hook listeners in SoundCloud.

Owensboro, Dec 31, 1969 ([Issuewire.com](http://Issuewire.com)) - New wave music is in its ever-evolving phase as numerous artists and producers are making it to the music industry with innovative music pieces. The Kentucky based [multimedia music producer Stereo Nu-55](#) has already become a SoundCloud sensation with 'I Am Mic Jaguris'. After attaining such overwhelming response he is back with an energetic pop single '**Searching I'm Lost**' now streaming on SoundCloud. Be it the energy of rock music, the peppiness of punk or the trippy vibes of trip hop music, this single is crafted by blending all the essential elements of the trending genres of the new wave music.

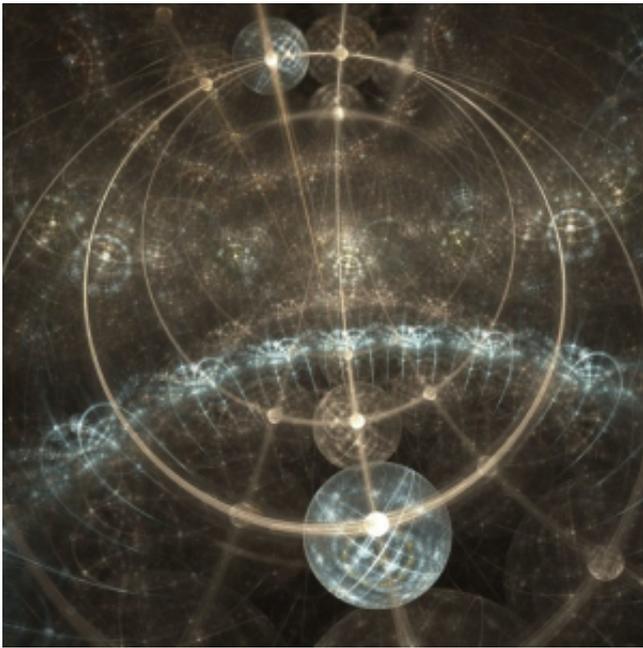

**Stereo Nu-55** masters on retro wave gene and is quite experimenting when it comes to composing music pieces. He and his team are diligently working to create new soundscape to revolutionise the electronic music genre. What makes his tracks more attractive is no matter how trendy beats and editing the composer uses, he infuses them with classic rock and pop elements. Some of the singles that has been widely shared on SoundCloud are 'Bullwinkle', 'Roads' and of course his hot new single '[Searching I'm Lost](#)'.

This single is the outcome of **Stereo Nu-55** and his team's experimentation with a new sound that emphasizes clarity, and blending of classical instrumentation with modern synthesized soundscape.

The aim of the artist is to create a unique ambience with the music piece. If you listen to this track you will witness a euphoric feeling and an amazing musicality that evokes unconditional emotion. The chill vibes and the exhilarating soundscape are the most appealing elements of this single. To have a sneak peek at **Stereo Nu-55's** personal life follow him on [Facebook](#).
