

Family Medicine Specialist Joseph Schneider, MD Provides Services for the Greater Riverside

Get to know Family Medicine Specialist Dr. Joseph Schneider, who serves the Riverside, California area at his private practice and at several local hospitals.

New York, Feb 28, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Currently, Dr. Schneider serves patients at a private practice and several local hospitals, including Riverside Community Hospital. He holds a California medical license through 2020 and provides a wide range of treatments for anything his patients might need. He has been practicing medicine for over twenty years and is able to give his patients the highest standard of care.

Since 1901, Riverside Community Hospital has been a vital part of the Inland Empire region, and for decades people in the community have depended on the hospital for comprehensive healthcare and its highly specialized services. Conveniently located in the heart of Downtown Riverside, they offer a full spectrum of medical services by combining accessibility to the latest advanced technology with trained and skilled physicians, right here in the heart of the Inland Empire.

Dr. Schneider attended medical school at the Georgetown University School of Medicine. He continued his studies by undertaking a residency in family medicine with the Franklin Square Hospital Center. Dr. Schneider has been board certified in family medicine by the American Board of Family Medicine.

The American Board of Family Medicine certifies family physicians who are highly skilled and effective at improving the health of their patients, their families, and their communities, and assists Diplomates in maintaining high professional standards through professional development and lifelong learning.

Dr. Schneider has been able to provide expert medical care for his patients throughout his practice, and for this, he has received several awards and honors for his efforts. He was named Top MD by Consumer's Checkbook and continues to offer the citizens of Riverside affordable, accurate care.

Family medicine is the medical specialty which provides continuing, comprehensive health care for the individual and family. It is a specialty in breadth that integrates biological, clinical and behavioral sciences. The scope of family medicine encompasses all ages, both sexes, each organ system, as well as every disease entity. The specialist is called a family physician or family doctor.

To provide his patients with the best possible care, Dr. Schneider has focused on preventative care with routine checkups, tests and personalized coaching on how to maintain a healthy lifestyle. Dr. Schneider possesses immense general knowledge on maintaining health and today, family practitioners provide more care for the underserved and rural populations than any other medical specialty.
