

# First Time a South Carolina company will be featured in a Manufacturing Marvels video airing on Fox

Check it out on Thursday (02/28) approximately 9:30 pm (Central Time)

**Greenville, Feb 22, 2019** ([IssueWire.com](http://www.IssueWire.com)) - **Fukoku America, Inc.**, a manufacturer of rubber and plastic automotive products and sealing solutions located in Laurens, **South Carolina**, since 2001, will be featured in a **Manufacturing Marvels®** video to air on the Fox Business Network® (FBN) on Thursday (02/28) approximately 9:30 pm. (Central Time).

Produced by award-winning producers Bob and Jerry May and directed by award-winning director Bryan McCullough, Manufacturing Marvels® is a series of educational and promotional videos highlighting the U.S. manufacturers and how their products and services contribute to many industry sectors, as well as the companies' processes and customers

The video highlights the rubber automotive universe and the audience will discover how essentials car rubber parts are produced. As an Original Equipment Manufacturer (OEM) supplier, Fukoku ship worldwide approximately six million products per month from their plant and warehouse. Fukoku is proud to be located here, in South Carolina, the state where the automotive industry is one of the top 10 fastest-growing labor forces in the nation, according to the South Carolina Department of Commerce.

Established in 1953 by Eiichi Kawamoto in Tokyo, Japan, Fukoku leads the rubber and synthetic resin product industry market including artificial intelligence technology. Currently, Fukoku Japan is the largest producers of rubber wiper blades in the world and used in a variety of applications exceeding 200 million products annually. Fukoku also develops seals for industrial applications such as pneumatic tools and industrial machinery.

Channel options are available at <http://www.foxbusiness.com/channel-finder>

The video of the broadcast will be available on the Fukoku America, Inc [LinkedIn](#) page
