

General and Cosmetic Dentist David Neal, DDS Provides Services for the Lodi, California Area

Get to know General and Cosmetic Dentist Dr. David Neal, who serves the Lodi, California area at his private practice, The Lodi Dentist.

New York, Feb 13, 2019 (Issuewire.com) - Dr Neal received his Bachelor of Arts degree from the

University of California at San Diego and graduated from the University of Iowa Dental School in 1990. He has been board certified by the American Dental Association. Dr Neal has been practising dentistry for over twenty-eight years.

After opening his own private practice in Lodi, California, Dr Neal was able to serve patients in need of general dental care and services. Additionally, Dr Neal provides cosmetic dental procedures for patients, including teeth whitening, dental crowns, dental veneers, Invisalign, lumineers, and dental implants.

To stay current in his field, Dr Neal maintains professional memberships in the San Joaquin Dental Society as a board member, the California Dental Association, and the American Dental Association.

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding, porcelain veneers, even dental implants to replace missing teeth. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.

Cosmetic dentistry is dentistry aimed at creating a positive change to the teeth and smile. Most think of tooth whitening or porcelain veneers, but a skilled, experienced cosmetic dentist can provide much more. They can help improve the appearance of a patient's smile, and even their self-esteem and confidence. Today, cosmetic dentistry continues to evolve to where cosmetic dentists can address functional and aesthetic patient concerns.

Dr Neal enjoys practising dentistry in his hometown of Lodi, California. There, he is able to reach a wide range of patients for a wide range of dental procedures. He ensures his technological techniques are current and up-to-date, which allows him to provide modern care to each and every one of his patients.
