Dr. Conlu stays current in the field through his affiliations with distinguished medical organizations. He offers his patients the most up-to-date care using the most recent medical techniques and technologies. He currently practices within Humboldt General Hospital.

In this age of healthcare uncertainty, people are looking for a hospital that feels more like a family than a corporate takeover. For over 100 years, Humboldt General Hospital has provided that kind of family

environment for the residents of north-central Nevada. There, people come first. That is the philosophy that has sustained Humboldt General Hospital for the past 100 years; it is the same philosophy that will see them through the coming century.

Internal Medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Internists are skilled in the management of patients who have undifferentiated or multi-system disease processes. They care for hospitalized and ambulatory patients and may play a major role in education and research.

With over twenty years of experience, Dr. Conlu brings his expert knowledge to the suburbs of Las Vegas. His care and dedication to the members of his community is unparalleled because he is able to bring his expertise to the region. When he is not seeing patients, he enjoys spending time with friends and family members.
