Karen Flamenco celebrates ten year Anniversary

Vancouver, Feb 6, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Karen Flamenco Dance Company celebrates Ten Year Anniversary with Teatro Intimo on Granville Island

2019 marks the 10th anniversary of the opening of Karen Flamenco Dance Studio in the heart of Mount Pleasant. Long before trendy coffee shops and breweries moved into the area, Karen opened her studio to bring popular flamenco dance classes to students aged 3 years and up. Her children's classes include junior company levels where young dancers train intensively throughout the week and are given performance opportunities during the year. With high demand for both adults' and children's classes, this Manhattan-style studio recently expanded into a second dance space.

Teatro Intimo del Flamenco

Karen Flamenco Dance Company is celebrating this 10th anniversary year by bombarding Granville island with castanets and ruffles every Saturday afternoon at the Improv Theatre. With their passionate flamenco flare, the company brings the glamour and extravagance of a large flamenco dance production to an intimate theatre show on this artistic island. This one-hour production welcomes audiences of all ages with live traditional flamenco music and dance. A mix of theatre-style seating and bistro tables offer every audience member a close-up and personal experience – typical of a traditional Spanish tablao.

The Improv theatre hosts the Karen Flamenco Dance Company every Saturday at 3 pm and 5 pm. Karen is delighted to have a perfect space to present her dance company every week and to be offering an ideal venue for a family outing or a romantic date. Let the Karen Flamenco dance company entertain you with their precise footwork and intricate rhythms! Find us at the Improv Theatre, 1502 Duranleau Street on Granville Island.
