About RoShawn Eve

Coming from Dallas, TX – **RoShawn Eve** is also a prolific and gifted songwriter who has traveled the world. And her visual descriptions and song creation are a hidden gem that many are still discovering. Experience the music and gift that God has enabled **RoShawn Eve** with, both through singing and songwriting, as she shares it with the world!

As a musical visionary who doesn't just want to be a gospel artist, but an artist that sings the gospel. The distinction is important to her as an artist because while she loves to worship, she wants to encourage both believers in Christ, as well as encourage others to receive Him. Sometimes that requires stepping outside the "sound" of worship but never departing from the work of the kingdom through music.

RoShawn Eve is a versatile singer, fully capable to sing a powerhouse ballad like Whitney Houston, as well as embrace the emotional delivery of a Contemporary Christian anthem, achieve the technical mastery of a classical aria, or even capture the essence of Neo Soul. She has even been known to do all four at once.

Single will be available on all digital platforms
