

Patricia A. Rogers, MD FAAP, Pediatrician with The University of Texas Medical Branch at Galveston

Get to know Pediatrician Dr. Mark David Lorenze, who serves the population of Texas.

Pediatrics. To stay up to date in her field, she remains a professional member of the University of Texas Academy of Health and Science education. Dr Rogers currently practices as a Professor of Pediatrics and the director of the School Health Program at The University of Texas Medical Branch at Galveston. She has received numerous teaching awards including two awards for Excellence in Clinical teaching by the John P. McGovern Academy of Oslerian Medicine.

The University of Texas Medical Branch is a component of the University of Texas System located in Galveston, Texas, United States. It is an academic health centre with 11,000 employees and a medical school that is the oldest in Texas.

Dr Rogers completed her undergraduate degree from Vanderbilt University. Furthering her education she then graduated with her Medical Degree from the University of Tennessee College of Medicine in 1981, giving her over three decades of experience in her field. After obtaining her medical degree she completed her Pediatrics internship and residency with the University of Texas Medical Branch. Wanting to further her training she then completed her Ambulatory Pediatrics fellowship with the University of Texas Medical Branch.

Paediatrics is the branch of medicine dealing with the health and medical care of infants, children, and adolescents from birth up to the age of 18. A paediatrician is a children's physician who provides medical care to children who are acutely or chronically ill, as well as preventive health services to healthy children. They manage the physical, mental, and emotional well-being of the children under their care at every stage of development, in both sickness and health.
