Polk Properties is once again honored to present the public a recently published article on Forbes.com. The topic is compelling as its the beginning of the year. Please enjoy. Look for other releases.

Let's imagine you're preparing to make some cold calls in search of new clients looking to buy or sell homes. There you are at your desk, perch, hangout or office comfy chair. You have your coffee, product or service information, vetted list of leads and headset. Here goes
